You can use those by yourself with mobile-app and meditate at any time you want.	"Refugees Reporting" - a project of the World Association for Christian Communication (WACC) – Europe Region and the Churches' Commission for Migrants in Europe (CCME) to develop quantitative analysis of refugees and communication rights in Europe. The project will undertake extensive media monitoring in at least five countries to provide analysis and insight on how to better support balanced media coverage and public debate.
Coffee break		
7/8 - 16:00	"How the church can use a database to better understand and engage their members. Together with churches across Europe we are building a database specifically for the needs of the church. I enables them to reach out to more people and increase activity and the mission on the church. In addition to the database we are considering ways to measure engagement and activity within the church and their members. I will present our thoughts and hope to get some feedback."	When Pokémon GO landed on the Swedish app store it only took a few weeks for almost everyone in Sweden to know what it was. On its second week we started doing a small free-for all gathering every week one hour before the mass on Thursdays. There we invite everyone interested in coming and having some juice, coffee or tea and we pay for the lure modules in the two pokestops by the church during that hour. I will tell my story about how we got started, why we do it the way we do and why we still haven't stopped nine months later.
9/10 - 16:30	OIKOUMENE-GO! How to catch the ecumenical spirit online and offline	Interactive services with live streaming and social media participation
17:30	Reflection	
19:00	Dinner
